MEDC

MISSION AMPLIFIED

2026 ANNUAL REPORT

TURNING UP THE IMPACT. EXPANDING THE OPPORTUNITY.

Investment moved forward. Businesses expanded. Entrepreneurs stepped onto bigger stages. Young people entered the workforce. Partnerships reached across industries, institutions and borders. And throughout it all, Mission's story traveled farther than ever before.

Individually, each project, program and partnership represents progress. Together, they tell a much bigger story.

Because economic development is not one groundbreaking, one ribbon cutting or one investment. It is an ecosystem, businesses choosing to grow, entrepreneurs betting on their ideas, talent finding opportunity, partners coming together and a community investing in what comes next.

That is Mission Amplified.

This report captures the people, projects and programs that shaped 2026, while celebrating the connections that made their impact even greater. From major investments and small business growth to workforce development, international relationships, community partnerships and 10 years of innovation at CEED, this was a year of building on what came before while turning up what comes next.

The signal is stronger. The reach is wider. And Mission's momentum is louder than ever. **More investment. More opportunity. More Mission.**

MISSION BY THE NUMBERS

A GROWING COMMUNITY.
A CONNECTED MARKET.
AN AMPLIFIED OPPORTUNITY.

Behind Mission's growth is a community that continues to evolve. Our people, workforce, households and location shape the market businesses see today, and the opportunities ahead. From a young, growing population to a strategic position within the Rio Grande Valley and along the U.S.–Mexico border, Mission offers businesses access to talent, consumers and connections that extend far beyond city limits.

AVID HOTEL CANDLEWOOD SUITES	**$25M** INVESTED	**40** NEW JOBS
POINT PADEL	**$1.5M** INVESTED	**15+** NEW JOBS

STARLIGHT

A Mission Tradition. A Brighter Tomorrow.

For more than nine decades, Shary Municipal Golf Course has been part of Mission's story. In 2026, that story entered a brighter new chapter with Starlight at Shary, the Rio Grande Valley's first night-golf experience.

Through an investment of more than **$3 million by the City of Mission and Mission EDC,** the project brought lighting to nine of Shary's 27 holes alongside improvements to greens, fairways, tee boxes and facilities. New GPS-equipped carts and The 19th Hole, with outdoor games, lounge areas, food and beverages, further reimagined the course as a destination built for golfers, families and visitors alike.

Starlight represents more than an investment in golf. It reflects how Mission approaches economic development: recognizing the potential of existing assets and finding new ways to make them work harder for our community. By extending hours of activity, attracting visitors and creating new reasons to experience Mission, the project supports tourism, local spending and quality of life.

In a year defined by **Mission Amplified,** Starlight became a fitting symbol of that momentum, a longtime Mission asset reimagined, illuminated and ready to shine even brighter.

CONNECTIONS, AMPLIFIED

STRENGTHENING CROSS-BORDER RELATIONSHIPS
EXPANDING GLOBAL OPPORTUNITIES

Mission's reach extends far beyond city limits. Positioned along a key U.S.–Mexico trade corridor, Mission continues to build international relationships that connect our community to new markets, industries and opportunities.

In 2025, Mission EDC continued strengthening its relationship with **San Luis Potosí**, building on connections across economic development, manufacturing, trade and investment. Mission EDC represented the city alongside Killam Development at the Expo Potosí Industrial Conference, where more than 3,500 government and industry leaders came together to advance new opportunities for collaboration and growth.

That relationship reached another milestone when **CEO Teclo Garcia was named an Honorary Representative of the State of San Luis Potosí,** recognizing Mission EDC's efforts to strengthen economic ties and create new connections between our communities.

For Mission, international relationships are about more than visibility. They open doors to new conversations, expand our network and position our community within a broader cross-border economy.

When relationships cross borders, opportunity does too. Mission's reach is growing, and our connections are stronger than ever.

POTOSÍ
PARA LOS POTOSINOS

REGIONAL PARTNERSHIPS
SHARED PROGRESS
GREATER IMPACT...

Economic development does not happen in isolation. It happens when businesses, educators, workforce organizations, community leaders and regional partners bring their expertise to the same table.

Throughout 2026, Mission EDC strengthened collaborations across the Rio Grande Valley and Texas to connect businesses with resources, prepare our workforce, develop future entrepreneurs and create spaces where ideas and opportunities could move forward.

C1

From **classrooms and career fairs** to statewide summits and regional policy conversations, these partnerships expanded what Mission EDC could accomplish, and who we could reach.

COLLABORATION IN ACTION

C2

C3

C4

C5

GOVERNOR'S SMALL BUSINESS SUMMIT

TEXAS ECONOMIC DEVELOPMENT & TOURISM + GREATER MISSION CHAMBER OF COMMERCE C2

Mission welcomed entrepreneurs, business leaders and resource partners from across the Rio Grande Valley for the 2026 Governor's Small Business Summit. Mission EDC supported the event, with CEO Teclo Garcia moderating a panel focused on recruiting talent, workforce investment and strengthening regional business capacity.

WORKFORCE SOLUTIONS

HIRING RED, WHITE & YOU

More than **90 employers** connected with job seekers at the Mission Event Center, strengthening workforce connections while supporting veterans, military families and the broader community.

UTRGV MARKET LAB

Of 40 businesses selected, 25 were Mission-based, connecting local entrepreneurs with research, branding and data-driven tools through the UTRGV Robert C. Vackar College of Business & Entrepreneurship.

RIO GRANDE VALLEY PARTNERSHIP

RGV CONNECT C1 + C4

Mission hosted the inaugural RGV Connect session, bringing regional leaders together around transportation, trade and mobility and strengthening alignment ahead of the 90th Texas Legislative Session.

SHARYLAND ISD

INCUBATOREDU C3

The CEED hosted Sharyland ISD's inaugural INCubatoredu Pitch Competition, connecting student entrepreneurs with mentors and business leaders while building real-world skills.

GREATER MISSION CHAMBER OF COMMERCE

BUENAS TARDES

Mission EDC supported conversations on international affairs and community leadership, connecting regional leaders around trade, investment, mentorship and the issues shaping the Rio Grande Valley economy.

UTRGV

BUSINESS RESOURCE SHOWCASE C5

Entrepreneurs, students, small businesses and regional organizations connected at the CEED with resources spanning business development, workforce, internships, government contracting and entrepreneurship.

DIFFERENT ORGANIZATIONS. DIFFERENT EXPERTISE. ONE SHARED MISSION.

By bringing the right people together, we expand access to resources, strengthen our regional ecosystem and create opportunities that no single organization could build alone.

THAT IS COLLABORATION, AMPLIFIED.

THE NEXT GENERATION AMPLIFIED

BUILDING MISSION'S WORKFORCE FROM THE GROUND UP

In 2026, Mission EDC expanded its investment in Mission's future with the launch of the inaugural Mission Ready Internship Program, connecting young people directly with the businesses and organizations shaping our local economy.

The six-week paid internship program placed young people ages 16–22 with Mission employers across a variety of industries, giving participants hands-on experience, professional connections and an inside look at career opportunities available right here at home.

The response made one thing clear: Mission's young people are ready. The inaugural program received **155 applications**, with 15 interns selected and matched with 15 Mission employers. Each intern worked 20 hours per week while earning **$20 per hour**, gaining experience that extended beyond the classroom and into the workplace.

For employers, Mission Ready created an opportunity to mentor emerging talent and invest in the workforce of tomorrow. For interns, it was a chance to build confidence, develop professional skills and begin imagining a future right here in Mission.

The future of Mission isn't waiting.

It's already at work.

AMPLIFIED

OPPORTUNITY, AMPLIFIED

INVESTING IN THE BUSINESSES BUILDING MISSION

That same commitment to building opportunity extends directly to Mission's business community. Through programs designed for businesses at different stages of growth, Mission EDC continues to put resources where they can make a tangible impact—from strengthening our downtown to helping established businesses invest in what comes next.

In 2026, the **Downtown Assistance Program** and **Ruby Red Ventures: Build Mission Fund** continued that work, providing direct investment to Mission businesses while strengthening the places, entrepreneurs and ideas that keep our local economy moving forward.

DOWNTOWN ASSISTANCE PROGRAM

REVITALIZING THE HEART OF MISSION

In July 2026, the Downtown Assistance Program provided financial support to local businesses and organizations to assist with events, improvements, and activities that contribute to the vitality of the downtown area.

SMALL BUSINESS, AMPLIFIED

AMPLIFIED

AMPLIFIED

ONE DAY. ONE STAGE. ENDLESS OPPORTUNITY

In 2026, Mission EDC brought the business community together in a new way with the inaugural **Mission Small Business Expo,** a full day dedicated to connections, resources, learning and opportunity.

Hosted at the Mission Event Center, the Expo connected entrepreneurs and established businesses with industry leaders, resource partners and organizations that can help them grow. From the Entrepreneurship & Resource Hall and exhibitor showcase to speed networking, expert conversations and hands-on learning, the event created an environment where connections could turn into opportunities.

National marketing strategist **Andrew Davis** brought *The Loyalty Loop* to Mission with a keynote and interactive workshop focused on creating customer experiences that build lasting loyalty. A panel of industry experts also explored commercialization, manufacturing and scaling, giving entrepreneurs practical insight into taking their businesses to the next level.

But the day wasn't just about talking business. **Mission entrepreneurs took the stage.**

RUBY RED VENTURES

RUBY RED VENTURES: THE COMPETITION

FOUR MONTHS OF BUILDING. ONE STAGE TO MAKE IT COUNT.

The 2026 Ruby Red Ventures: The Competition was more than a pitch. It was the culmination of nearly four months of intensive business development in partnership with the **UTRGV** Entrepreneurship and Commercialization Center.

Eight Mission entrepreneurs participated in **UTRGV's AdvanceUp Accelerator**, working to scale their businesses, strengthen market research, refine financial projections and build connections within the entrepreneurial ecosystem. Through mentorship, hands-on exercises, networking and proven growth strategies, participants spent months putting their businesses to the test and preparing for what comes next.

It all led to one stage. At the inaugural Mission Small Business Expo, all eight entrepreneurs stepped into the spotlight to pitch their businesses and compete for **$50,000 in funding.**

Ruby Red Ventures: The Competition amplifies more than great ideas. By combining education, mentorship, connections and capital, the program gives Mission entrepreneurs the tools and platform to turn their vision into sustainable growth.

MISSION, AMPLIFIED

TURNING UP OUR VOICE. EXTENDING OUR REACH

In 2026, Mission EDC turned up the volume on Mission's story, creating a stronger signal for the growth, investment and opportunity happening across our city. Through strategic marketing, digital storytelling, media relations and targeted campaigns, we carried that message to audiences across the region and beyond.

Every new investment, business expansion, entrepreneur and partnership gave us another reason to make some noise. Across social media, digital platforms and earned media, Mission EDC transformed those moments into stories that strengthened our brand, expanded our reach and kept Mission part of the conversation.

Because when Mission grows, our story should grow with it. In 2026, we made sure that story traveled farther, reached more people and came through louder than ever.

FROM CONTENT TO COMMERCE

SOCIALFEST PUTS MISSION AT THE CENTER OF THE CREATOR ECONOMY

In November 2025, Mission became the stage for something entirely new. Mission EDC partnered with Brand Geniuz to launch the inaugural SocialFest, bringing creators, entrepreneurs, marketers and industry leaders together at the Mission Event Center for two days dedicated to the growing power of social media and the creator economy.

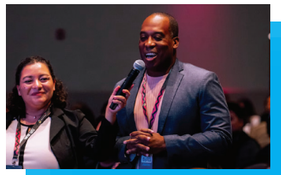
Designed to give Rio Grande Valley businesses and creators access to the strategies, connections and expertise often found in larger markets, SocialFest brought national and international voices directly to Mission. Through live podcasts, interactive panels, networking and conversations on branding, content and digital growth, attendees gained practical tools to turn ideas into influence, and influence into opportunity.

1 INAUGURAL EVENT

The inaugural event welcomed more than **1,000 attendees** and **55+ speakers**, proving the strength of a growing digital community ready for a bigger platform. For Mission EDC, SocialFest demonstrated how economic development continues to evolve, creating new spaces where creativity, entrepreneurship and technology can connect and grow.

By giving creators and businesses a stage, SocialFest amplified more than content. It amplified talent, ideas and opportunity, sending a stronger signal about what is possible in Mission and across the Rio Grande Valley.

NATIONAL + INTERNATIONAL VOICES



IMPACT, AMPLIFIED

25+
ORGANIZATIONS, EVENTS + INITIATIVES SUPPORTED

INVESTING IN THE COMMUNITY THAT INVESTS IN MISSION

Economic development is ultimately about people. In 2026, Mission EDC extended its impact beyond business recruitment and development by investing in the organizations, initiatives and partnerships that strengthen the community we call home.

Throughout the year, Mission EDC contributed **$77,250 in sponsorships and community investments** supporting education, youth development, small business, regional collaboration, beautification, civic engagement and quality of life. From local organizations and education foundations to regional initiatives that strengthen the Rio Grande Valley, these investments helped extend our impact across Mission and beyond.

Because a stronger economy depends on a stronger community. By supporting the organizations already doing meaningful work, Mission EDC helps amplify their reach, strengthen their impact and create more opportunities for the people who make Mission what it is.

IMPACT AREAS

EDUCATION, YOUTH, COMMUNITY, QUALITY OF LIFE, SMALL BUSINESS, ENTREPRENEURSHIP, REGIONAL ECONOMIC DEVELOPMENT, CIVIC, INDUSTRY PARTNERSHIPS

$77,250
INVESTED IN COMMUNITY SPONSORSHIPS + PARTNERSHIPS

"When we invest in our community, the impact echoes far beyond a single project.

EDUCATION, AMPLIFIED

Some of Mission's most important investments are the ones that create opportunities for what comes next. Through education and private-sector partnerships, Mission EDC continues to connect students and entrepreneurs with the resources they need to build their futures in Mission.

178 SCHOLARS
1,203 SCHOLARS SINCE 2013

"Stronger partnerships create a stronger signal for what's possible in Mission.

MEDA SCHOLARSHIP

For more than a decade, the MEDA Scholarship has helped turn access to education into access to opportunity. Through Mission EDC's partnership with South Texas College, the program helps Mission students pursue higher education while building the skilled workforce our community needs for the future.

For FY 2026–27, the program has grown to **178 scholars**, a 15.6% increase from 154 unique scholars in FY 2025–26. Mission EDC projects a **$213,600** commitment for the upcoming academic terms, building on **$175,900** disbursed during FY 2025–26.

Since the program began in 2013, MEDA has supported 1,203 scholars and awarded approximately **$2.08 million in scholarships.**

PRIVATE-SECTOR PARTNERSHIPS

Mission EDC's impact grows stronger when the private sector joins the Mission. In 2026, Lone Star National Bank and PNC Bank partnered with Mission EDC to support the inaugural Mission Small Business Expo and Ruby Red Ventures, helping expand the resources and opportunities available to Mission's entrepreneurs

10 YEARS OF MAKING WAVES

DECADE OF IDEAS, CONNECTIONS AND OPPORTUNITY

In October 2016, Mission EDC opened the doors to the Center for Education and Economic Development with a bold vision: create a place where entrepreneurship, education, technology and talent could grow together.

Ten years later, CEED has become a **55,000-square-foot hub for innovation and collaboration**, serving as a home for entrepreneurs, educational institutions, businesses and community partners. Over the years, its classrooms, coworking spaces and gathering areas have hosted countless programs, workshops, trainings, events and conversations, all designed to connect people with the tools, knowledge and relationships to move forward.

The milestones below represent just a few standout moments from a decade filled with activity. Programs have evolved, partnerships have grown and new ideas have continually found a home at CEED. What started as a space built for possibility has become an ecosystem where opportunity continues to take shape.

Ten years later, the ideas are bigger, the network is stronger and the impact continues to amplify.

2016

THE DOORS OPEN

A NEW HOME FOR INNOVATION

CEED officially opens in October, establishing a new home for Mission EDC and an ecosystem built around entrepreneurship, STEAM education, coworking and business incubation. Ruby Red Ventures, Code the Town and Enginuity help launch the building's first chapter.

2017+

IDEAS GET LOUDER

INNOVATION TAKES THE STAGE

CEED hosts **STXifest** and the inaugural **Social Media Summit**, creating new spaces for students, businesses and thought leaders to exchange ideas around technology, communications and innovation. The first Social Media Summit draws approximately **115 attendees.**

2017 - 2022

POWERING NEW SKILLS

CYBERMISSION

Mission EDC launched CyberMission, a workforce development initiative offering hands-on cybersecurity and information technology training at CEED. Through partnerships with CompTIA, Workforce Solutions and state workforce programs, participants gained access to industry-recognized certifications and pathways to high-demand technology careers.

2017 - 2018

CONNECTING MISSION TO THE WORLD

MISSION PORTAL

Mission EDC brought the world to Mission through the Mission Portal, an immersive art and technology installation developed in partnership with Shared_Studios. Using live video and audio technology, the Portal connected residents with people across the globe for real-time conversations, cultural exchanges and collaboration.

2018

PUSHING BOUNDARIES 2018

CIVIC INNOVATION SUMMIT

CEED hosts the Rio Grande Valley's first **Civic Innovation Summit**, bringing speakers, entrepreneurs and creators from across the country to Mission for conversations around civic engagement, technology and innovation. The inaugural event sells out.

2020

INNOVATION ADDAPTS

MISSION FOOD PARK C1

As small businesses navigate the challenges of the pandemic, Mission EDC opens the **Mission Food Park** outside CEED, giving local food trucks and restaurants an outdoor space to reach customers, test new concepts and create additional opportunities.

2023

TECHNOLOGY TAKES OVER

TESLA TAKEOVER C2

CEED hosts the Rio Grande Valley's first **Tesla car show and tech expo**, bringing technology, education and workforce together through a festival-style event developed with regional partners.

CONNECTING EDUCATION + INDUSTRY

UTRGV EXPANDS TO CEED C3

UTRGV establishes its **Office of Workforce and Economic Development** at CEED, creating a satellite hub for programs and services focused on advancing workforce and business development across the Rio Grande Valley.

CONNECTIONS OVER COFFEE

BUSINESS OVER BREAKFAST BEGIN C4

Mission EDC launches **Business Over Breakfast**, a quarterly series designed to strengthen CEED's entrepreneurial ecosystem by bringing tenants and businesses together to network, showcase their work and create new opportunities for growth.

2024

MORE RESOURCES UNDER ONE ROOF

EDUCATION + WORKFORCE EXPAND

South Texas College establishes a presence at CEED focused on upskilling, reskilling and apprenticeships, while UTRGV opens a **Small Business Development Center** to advise and empower entrepreneurs.

2026

CHARGING INTO THE NEXT DECADE

CEED TURNS 10

Universal Level 2 EV charging arrives at CEED, adding another modern amenity for tenants, visitors and the business community as the building celebrates a decade of innovation—and continues evolving for what comes next.

Between the milestones are thousands of meetings, workshops, trainings, events, classes, conversations and connections that have helped entrepreneurs build businesses, students develop skills and organizations create new partnerships.

The last 10 years have been filled with innovation, connection and opportunity, amplified. And as proud as we are of how far CEED has come, we can't wait to see what the next 10 years will bring.

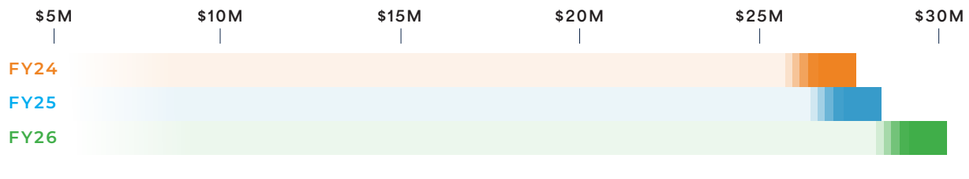
FISCAL TRANSPARENCY

A DECADE OF IDEAS, CONNECTIONS AND OPPORTUNITY

*Sales tax information is sourced from the Texas Comptroller of Public Accounts.

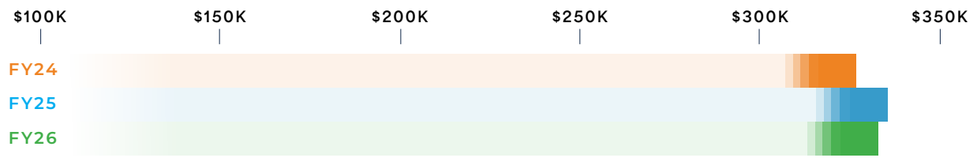
City Sales Tax

*Increased 5.10% from prior year



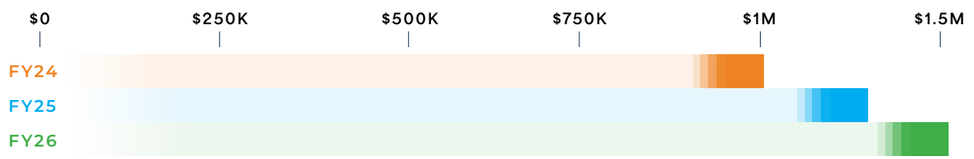
CEED Revenue

*Decreased -0.66% from prior year

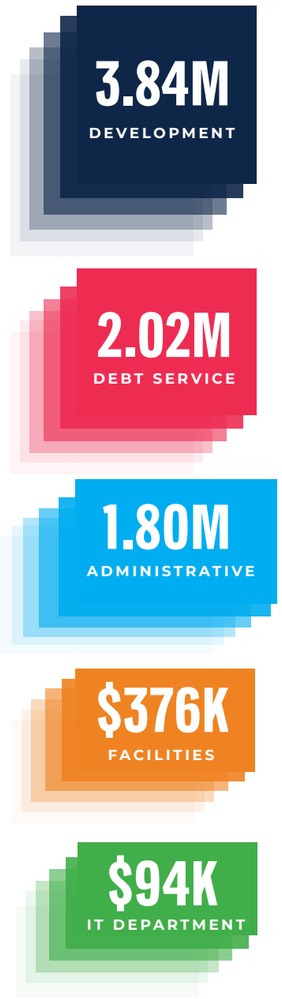


Incentives

*Increased 12.96% from prior year



Expenses 2026



A STRONGER SIGNAL

SOUND STEWARDSHIP. STRATEGIC INVESTMENT

Behind every project, program and partnership is a commitment to responsible stewardship. Mission EDC strategically manages its resources to support economic growth, strengthen businesses and create opportunities that extend throughout our community.

In 2026, that commitment helped turn investment into impact, from business development and entrepreneurship to workforce initiatives, community partnerships and the programs helping move Mission forward.

Fiscal transparency ensures that as Mission's opportunities grow, so does our accountability to the community we serve. Because amplifying impact isn't simply about doing more, it's about investing with purpose and building a stronger foundation for what comes next.
